Objective

Motivated Computer Science graduate specializing in Data Science, seeking an entry-level role to apply analytical, programming, and machine learning skills to solve real-world problems.

Education

B.Tech in Computer Science (Data Science) 2024 – 2028
Vikas College Of Engineering and Technology, India
CGPA: X.XX / 10

Skills

- **Programming:** Python, R, SQL
- **Data Science:** Pandas, NumPy, Matplotlib, Scikit-learn
- **Tools:** Git, Jupyter Notebook, Power BI
- **Concepts:** Machine Learning, Data Analysis, Statistics

Projects

Student Performance Prediction

- Built a machine learning model to predict student scores using regression techniques.
- Achieved accuracy of 94.26% using Scikit-learn.

Sales Data Analysis Dashboard

- Analyzed sales data and created visual dashboards using Power BI.
- Provided insights that improved decision-making.

Internship

Data Science Intern Month Year – Month Year
Company Name

- Worked on data cleaning, visualization, and model building.
- Improved model performance by XX%.

Certifications

- Data Science Certification - Coursera / Udemy
- Python for Data Science - NPTEL

Achievements

- Participated in hackathons and coding competitions
- Solved 200+ problems on coding platforms

Extra-Curricular Activities

- Member of coding club
- Organized technical events
